## Blomgren-Gibson Nuptials Celebrated Last Evening

A most beautiful wedding of last evening was the marriage of Miss Ruth Gibson, daughter of Mrs. Alice Gibson to Rev. Siegfried Blomgren, son of Dr. and Mrs. C. A. Blomgren. The ceremony was performed at the Zion Lutheran church, Dr. C. A. Blomgren, father of the bride, officiating, assisted by Rev. N. J. Forsberg, pastor of the church. The altar was decorated with growing palms and potted plants sent from the south for the occasion. The ceremony was profoundly impressive. Before the entrance of the bride party, Miss Edith Isacson sang very sweetly, "O Promise Me," with E. T. Anderson playing the accompaniment. ## HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: (1) We are two chums aged 17 and are considered very good looking. Are we too young to keep steady company?

(2) Is it wrong for girls to kiss a boy good-night?

(3) I went with a boy last summer and in that time I learned to love him. We quit for a very simple reason, but I love him still. I'm sure he does not care for me as I do for him. Every time I go with a fellow steady he will cause us to quit by asking me to go with him, and I can't refuse him, loving him as I do. Do you think he will ever care for me or must I not notice him? Do you think I could win him back?

(4) We have both gone with the same boy and each one liked him. As we are such good friends each one offered to give him up to the other. He would go with one of us a while and then quit and go with the other. We have both said we never will go with him again. Do you think we should go with him or should we notice him at all?

(5) Do you think it proper for two boys and two girls to go buggy riding in one buggy? If we do, should the one girl sit on the other's lap?

(6) May we write again?

## CHUMS.

(1) You are.

(2) Girls should not let boys kiss them. It cheapens them, and after they have been kissed by several boys they are not respected by any. The girl who is able to keep a boy her friend for a long time is not the kissing kind.

(3) Use a little will power and refuse to go with him the next time he asks you to. As long as he sees that you love him and weaken at his will he will not respect you. Perhaps when he learns that you are independent he will care for you again.

(4) You are silly to give him up for the sake of each other. He will go

with whomever he pleases. Be natural about the matter and do as your good judgment and inclination tell you to.

(5) It is all right for four to go buggy riding when one boy sits on the floor and the other three sit on the seat.

(6) Of course you may write again.

Dear Mrs. Thompson: (1) I am almost 18 and very much in love with a neighbor boy three years older. He seems to like me and I want to go with him, but he has never asked me. How can I gain his love?

(2) I go to high school, but am not much of a favorite of the boys. How can I gain their affection?

## M. M. E.

(1) I suppose the best way is to dress up as prettily as you can and sit on your front porch when he goes by. Don't let him get the impression that you are "after him," or he won't like you.

(2) Enter into the school activities, be a "good sport" and listen with interest when the boys talk to you.

Dear Mrs. Thompson: I went away on a train and while traveling I met a very attractive young lady—or rather I talked to her. When we separated she would not give me her name or address. Recently I found it out. Would it be all right to phone and ask her to call on her?

Yes.

Dear Mrs. Thompson: What would be appropriate for a wedding costume at the parsonage in November?

BROWN EYES.

Anything you want to wear would be appropriate—a dress or suit.

## TO SHIP REMAINS OF SOLDIER HERE

Body of Guy R. Hayes, Who Committed Suicide on Mexican Border Will Arrive Here Sunday.

## FUNERAL NOT TO BE MILITARY

Company A, of Which He Had Been a Member Only Short Time, Will Not Participate, It Is Announced.

Plans were being made today to hold funeral services here Sunday over the remains of Guy R. Hayes of Rock Island, who dropped out of the column during an 18-mile march with troops on the Mexican border and shot himself.

Upon receiving word from Captain Charles Buck, Company L, First Wisconsin infantry, of which Mr. Hayes was a member, Charles A. Hayes of Andalusia, father of the dead soldier, wired military authorities to send the body at once over the Rock Island line.

Remains will probably arrive here late Saturday or early Sunday. It is planned to hold the services at one of the undertaking establishments, with burial in Chippianock. The wife of the dead militiaman is buried in Chippianock, she having died several years ago, and it is planned to lay the body of the Rock Island man in a grave beside that of his wife. Company A, of which Mr. Hayes had been a member, will not participate in the funeral, it was announced today by local military authorities. It appears that Mr. Hayes had been a member of the company only for a short time.

The telegram received from New Braunfels, Texas, near where the suicide occurred, gave no reason for Mr. Hayes' act, save that he was in a fit of despondency. What caused his melancholia was not stated. An 8-year-old son of the deceased lives with an aunt in this city.

## Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More.

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Most thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are, when the powers of nutrition are normal. Instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably best be accomplished by eating a Sargol tablet with every meal.

Sargol is a careful combination of six splendid assimilative agents. Taken with meals they mix with the food to turn the sugars and starches of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkable. Reported gains from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by the Harper House Pharmacy, J. J. Foley, and other druggists everywhere and every package contains a guarantee of weight increase or money back.

Note—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—(Adv.)

## HOUSEHOLD HINTS

## TO MAKE CANDY OFF THE FIRE.

Candies made without cooking is a form of sweets that many will welcome, especially when the weather is hot. Here are some favorite "fireless" bonbons:

**Lemon Creams**—Grate the rind of a lemon into a bowl; add the strained juice, a pinch of tartaric acid and enough sifted confectioner's sugar to mold into small balls; then press into flat cakes.

**Orange Cream Drops**—Prepare in same way as above, using grated orange rind and juice instead of the lemon.

**Pineapple Whip**—Take a cup of grated pineapple, heat with a cup of sugar and a cup of cold water and let simmer for 15 minutes. Soak a tablespoon of gelatin in a little cold water while the above is cooking. Mix this with the hot pineapple on taking it from the fire and cool. Then add the whites of two eggs beaten stiff and beat all until it begins to harden. Pour into a mold. Serve with whipped cream flavored with a little lemon.

**Grape Juice Parfait**—Boil one cupful of sugar with one-third cupful of grape juice until it threads. Pour it slowly into the well beaten whites of two eggs. Add one-half cupful of grape juice and the strained juice of half a lemon and beat till cold. Fold in two cupfuls of whipped cream and put in a mold. Let stand packed in equal measures of salt and ice for four hours.

## FOR INVALIDS.

Beat the yolk and white separately until extremely light. Add a pinch of salt and pour into a china cup, which is afterward placed in a saucepan of hot water. Stir constantly until scalding hot but not cooked. When this is done slowly the egg thickens slightly and puffs up until the cup is almost filled with a creamy custard. Set in the oven for a minute, and serve at once.

## DOUBLE COOKIES.

Recipe—Mix two cups granulated sugar, one cup lard, two eggs, one cup sour milk. Sift in batter three cups flour. One-half teaspoon salt, one teaspoon soda, two teaspoons baking powder and little nutmeg. Put part of batter on floured board and mix in flour with hands until stiff enough to roll out thin. Use cake turner to lift up in pans.

## TO REMOVE CORK.

A cork that has been pushed into a bottle may be removed thus: The several knots in one end of a string to form a large cluster and drop it into the bottle, holding on to the other end of the string.

Turn the bottle over so that the cork will fall into the opening in the neck; then pull on the string, and as the latter comes out of the bottle the cluster of knots will force out the cork.

## TWO KINDS OF HERMITS.

**Chocolate Hermits**—One-half cup butter, two-thirds cup sugar, two eggs, one-half cup raisins (seeded), one-fourth teaspoon salt, two teaspoons baking powder, one-fourth cup chocolate powder, two tablespoons hot water, one teaspoon cinnamon. Cream butter, add sugar, eggs, raisins, flour in which baking powder has been sifted, chocolate melted in water, salt and cinnamon. Drop from a teaspoon onto a buttered baking sheet. Put a raisin in center of each hermit and bake in moderate oven.

## LINING FOR CARPET.

## THINGS WORTH KNOWING.

Bed comforts made out of cotton blankets, with usual amount of baling and knotted closely, will be found comfortable and easy to launder.

To remove sooty smell from fireplace, sprinkle newspapers with ground coffee before lighting.

Bread Economy—Maybe this will help some young housewife, as flour has advanced in price. Never waste any bread after it has become stale. Rye bread is also very good this way.

When boiling potatoes for dinner, after potatoes have boiled about fifteen minutes, cut stale bread same as for table and set bread up endways in steamer, let steam about fifteen minutes before serving and serve hot. It is as good as and even better than fresh bread. If you have no steamer, a colander will do—fit a cover over tight.
